

Licht

Brilliant Lighting Endless Possibilities

www.licht-eg.com

Our Story

Licht-eg was founded to transform how lighting is sourced and delivered in Egypt. We don't just want to be a leading hub for lighting solutions; we aim to be the trusted place for all lighting requirements, where architects, contractors, and businesses find every piece and every design needed to bring their projects to life.

With more than a decade of industry experience, we have built our reputation on transparency, clarity, and professionalism throughout the entire procurement process. By combining our lighting expertise with a digital-first approach, we are revolutionizing the industry through high-tech solutions that simplify the client experience.

Mission

To provide a seamless and transparent procurement experience for all our clients.

To focus on B2B partnerships, supporting architects, contractors, and developers throughout their projects.

To carefully select products and brands that meet strict quality and specification standards, ensuring reliability and performance.

To offer full responsibility for warranties, handling replacements for any product defaults with professionalism and speed.

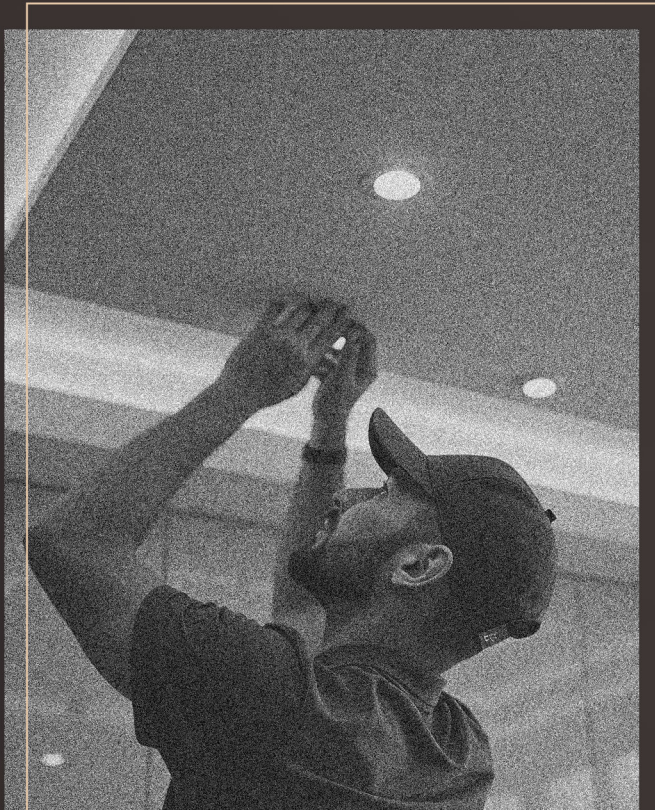

To leverage digital innovation to simplify and enhance the sourcing and purchasing experience.

Vision

To be recognized as the go-to destination for lighting requirements in Egypt, trusted by professionals for every project and every design need.

Core Values

- **Quality Assurance:** Only good to high-quality products that meet exact specifications and materials.
- **Trusted Brands:** Carefully chosen local and international brands with proven reliability.
- **Customer Commitment:** Full responsibility for warranty handling and product replacements
- **Professional Transparency:** Clear, honest, and client-focused communication.
- **Innovation:** High-tech digital tools to simplify project sourcing and procurement.
