

Technical Data Sheet

Product: LT332 Outdoor Wall Lamp — 12W, 3000K

The LT332 Outdoor Wall Lamp is a compact, surface-mounted luminaire designed to offer efficient lighting with a sleek and durable finish. Its minimal form and weather-resistant build make it ideal for residential and commercial wall applications, providing soft illumination in outdoor environments.

Technical Product Outline:

Technical Specifications:

Feature	Specification
Power	12W
Luminous Flux	960 lm
Color Temperature	3000K (Warm White)
Input Voltage	AC 85–265V, 50/60Hz
Material	Aluminum body + PC Diffuser
Mounting Type	Surface Mounted
IP Rating	IP65 – Dust & Water Resistant
Body Color	Black
Application	Outdoor Wall Lighting
Dimensions	125 × 260 × 110 mm
Warranty	3 Years
Certifications	CE, RoHS
